Ben – I think our first choice was to have three SSIDs. If you and R6 are going with one, I think we should as well. (That is just my opinion, I think Kathy as FSC will want to confirm for R 9)

Did we ever get an answer about the technical issues that were wanting us to have three SSIDs?

Our back-up position was separate OUs. We should think about this. Could it work as:

OU 00 General Site

OU 01 Gold King in Colorado

OU 02 Gold King in New Mexico

OU 03 Gold King in Navajo Nation

Dave and Kat,

Is R9 planning to do the same?

Importance: High

Hi,

We just had a discussion with our DRA on this guidance. We are going to adhere to the

guidance sent out by HQs. So, we will be only using the one SSID for this response which is A8K9RV00.

Unfortunately, I will not be able to be on the 6:00 call tonight.

Thanks.

Regional Comptrollers & Other Program Offices

Attached please find the instruction/guidance on how to ensure proper charging and tracking of payroll, contracts, and travel resources associated with the response to the Gold King Mine Release. While this may only currently affect some of you, I felt it would be prudent to share with all of you as some of your regional staff may be traveling to assist.

Please share with others as appropriate.

Thank you.
